PRIVILEGE OF THE FLOOR- PUBLIC COMMENT-

This is an opportunity for members of the public to raise concerns before the Board that are not on the agenda. As a courtesy to everyone who would like to address the Town Board, each person is asked to keep his or her comments from 3- 5 minutes. If more than one person wants to speak on the same subject, it is requested that a spokesperson be appointed. The public comment period will be a maximum of 30 minutes. Generally, the Board does not take action on matters raised during this time but will set the matter over to the next meeting if applicable. Agenda items should be in writing and sent to the Town Supervisor's Office by the Monday prior to the meeting

**POSSIBLE MOTION TO ADJOURN TO EXECUTIVE SESSION and/or
ATTORNEY/CLIENT**

ALL TIMES ARE APPROXIMATE

RECEIVE TOWN MEETING AGENDAS AND NOTICES BY E MAIL

Anyone interested in receiving an e mail of all Town Board meeting agendas and notices, as they become available, should contact Town Supervisor Sandy Leonard (783-1900 x228).

City of Newburgh

Proclamation

In support of Orange County Department of Health's Healthy Beverages Options in Orange County

The Orange County Department of Health
is working to encourage healthy diet options, particularly reduced consumption
of sugar-sweetened beverages with added calories.

The City of Newburgh, along with many other workplaces, provides vending areas in
certain public buildings, which offer bottled water and
low-calorie beverages as options to sugary beverages.

Therefore, I, Nicholas J. Valentine, Mayor of the City of Newburgh, support the work of
the Orange County Health Department to create a healthier future for our residents, and
Strongly urge all businesses, institutions, and schools to join them to

Encourage and promote
Healthy Beverage Options in Orange County.

NICHOLAS J. VALENTINE, MAYOR

Sugar Sweetened Beverages Fact Sheet

Background

- Sugary drinks account for half of all added sugars in the average American diet.
- Research has connected consumption of sugary beverages with American's increase in being overweight and obese.
- Consumption of sugar drinks has doubled over the last thirty years.
- As sugary drink intake has increased, consumption of milk has dropped.

Other Concerns

- A common 20 ounce size for a sugary drink contains an average of 16 teaspoons of sugar. Free refills and half gallon cups promote excessive consumption.
- Drinking sugary drinks displaced nutritious foods and beverages from the diet (such as low-fat milk.)
- Each additional sugary drink consumed per day increases the likelihood of a child's becoming obese by about 60 percent.
- Carbonated beverages are heavily marketed directly to youth, at a cost of \$492 million 2006.

What Can Families Do?

- Cut down on sugar drinks such as colas, energy drinks, sweetened teas, and sports drinks.
- Stop serving sugary drinks to children under age 6 and limit them for older children; provide healthy alternatives.
- Join with neighbors, friends, and parents' groups to urge schools, child-care settings, after-school programs, parks, recreational facilities, pools, zoos, and other youth venues in your community to stop selling sugary drinks and to provide access to fresh drinking water.
- Teach children about the harm of sugary drinks and the benefit of healthy alternatives.

At the Workplace – What Can We Do?

- Stop or limit serving sugary drinks, such as colas, energy drinks, sweetened teas, and sports drinks at meetings and events.
- Remove or limit sugary drinks from on-premise vending machines, cafeterias, and other snack-sale outlets.
- Set the price of soft drinks in cafeterias and vending machines higher than other beverages.
- Provide healthy drink alternatives and access to drinking water.
- Educate employees on the benefits of choosing healthier drinks.
- Encourage public officials to mount programs to reduce consumption of sugary beverages.

Information gathered from Center for Science in the Public Interest (www.cspinet.org).

Healthy Orange is an initiative of Orange County Department of Health whose goal is to improve the health of Orange County residents by promotion of good nutrition, increased physical activity and movement, and a tobacco-free lifestyle.

For additional information on the Healthy Orange Program, please contact 568 -5247.

To: Ginny O'Neill

Attachments: DOC004.PDF (94 KB)

Hello Ginny,

Thanks for calling. Here is the proclamation, and also a fact sheet on sugar sweetened beverages. I hope that the Town of Monroe will consider doing a proclamation in support of healthy drinks.

Please let me know if there is any information you need.

Thanks again.

Meg

Dear Municipal Official:

The Village of Monroe Board is in the process of developing its FY/2013 budget. As part of the budget process we must decide on the Independence Day Fireworks Display.

We were notified last fall by the Sheriff's Department that due to budget cuts they will no longer be able to assist us with cleanup following the Fireworks Display. Therefore the Village of Monroe will have to incur the cost of overtime with our Department of Public Works. I am reaching out in a show of cooperation that will benefit the entire community to see if your municipality would be willing to commit personnel from your Village to help with clean-up following the proposed event.

In addition, I am asking if you would be willing to increase your contribution toward the fireworks display for 2012 as the cost has increased.

Please let me know no later February 6, 2012 of your willingness to assist so my Board will know whether we can book the event.
