

Route 208 Bridge over the Heritage Trail - update

The project to replace the Route 208 Bridge over the Heritage Trail has been and will continue to progress. We are making every effort to have Route 208 and the trailway re-opened to the public by the end of November, mid-December at the latest. We will continue to work beyond the road opening on incidental work and landscaping as weather permits but we will not have 100% completion until Spring 2018 due to weather and temperature restrictions on some of our materials.
